MD FAHIM MUNTASIR

Master's Student | Information and Communication Engineering

From Rajshahi, Bangladesh

EMAIL fahim79muntasir@gmail.com PHONE +880 1759 712379

Portfolio | GitHub | LinkedIn | Bangladeshi

PROFESSIONAL PROFILE

Master's student in Information and Communication Engineering with a computer science background and experience in technical support and project operations. Skilled in Python experiments, C++ algorithms, embedded simulation, troubleshooting and structured reporting.

EDUCATION

Master of Engineering · In Progress

SEP 2026 - PRESENT

Information and Communication Engineering

Changchun University of Science and Technology | Changchun, China

FOCUS Wireless Network Communication Technology

Bachelor of Engineering

SEP 2019 - DEC 2023

Computer Science and Technology

Hubei University of Technology | Wuhan, China

GPA: 3.78 / 5.00 · Average: 88.58%

PROFESSIONAL EXPERIENCE

Technical Support Engineer

JAN 2026 - AUG 2026

MotionHost | Remote

Dhaka, Bangladesh

- Resolved hosting, domain, DNS, SSL, email and website configuration issues for customers.
- Assisted with cPanel and related technical troubleshooting and support requests.

Finance & Admin Coordinator

JUN 2025 - DEC 2025

Adivasi Unnayan Sangstha (AUS) | Full-time

Netrokona, Bangladesh

- Prepared budgets, payroll, financial reports and supporting compliance documentation.
- Supported audits, VAT/tax processes, fund disbursement and KoBo-based field monitoring.

ECCD Officer

MAR 2024 - MAY 2025

Adivasi Unnayan Sangstha (AUS) | Full-time

Sunamganj, Bangladesh

- Supervised early-childhood project activities, field implementation and progress reporting.
- Coordinated with stakeholders and supported training and staff capacity-building activities.

PROJECTS & QUALIFICATIONS

SELECTED TECHNICAL PROJECTS

GRADUATE INFORMATION THEORY COURSE PROJECT

Entropy and Mutual Information in Modern Machine Learning

Studied MI estimation, feature selection, noise and nonlinear dependencies using controlled simulations.

PROJECT REPOSITORY github.com/fahimuntasir/entropy-mutual-information-ml

GRADUATE LASER COURSE PROJECT

Gaussian Beam Propagation and Focusing: Principles and Applications

Simulated beam propagation and focusing; fitted profiles from published laser-beam images.

PROJECT REPOSITORY github.com/fahimuntasir/Gaussian-Beam-Propagation-and-Focusing

UNDERGRADUATE THESIS / WEB APPLICATION

Classified Multi-Vendor Ads Management Website

Designed a classified ads platform with user management, ad posting and system modeling.

PROJECT REPOSITORY github.com/fahimuntasir/Classified-Multi-Vendor-Ads-Management-Website

ALSO BUILT

Banker's Algorithm · Snake Game Player · Material Inventory Management System · KNN word classification

TECHNICAL TOOLKIT

PROGRAMMING	Python · C / C++ · Java · C# · JavaScript
WEB & DATA	HTML / CSS · PHP · SQL / MySQL
ENGINEERING TOOLS	MATLAB · Proteus · Git / GitHub · Jupyter Notebook
OTHER	Technical troubleshooting · KoBo Toolbox · Reporting

HONOURS & AWARDS

Outstanding International Student
Second-Class Scholarship · HBUT · 2022

Third Prize — Creative Works
Hongshan District Anti-Drug Themed Works Competition · Wuhan · 2022

Model Student
Third-Class International Scholarship · HBUT · 2021

LANGUAGES

Bangla	Native
English	Intermediate
Chinese (Mandarin)	Basic

PROFESSIONAL DEVELOPMENT

Orientation on MEAL Framework — 16-18 MAY 2025
CIPRB

Bridging Leadership for Collaboration — 1-3 FEB 2025
Synergos Bangladesh

Trainers Training (ECCD) — 25-31 MAY 2024
CIPRB
